

## Sending and receiving money made simple.

To receive money:

1. Disclose your wallet or mobile ID No. This is perfectly safe as the security features of netCash reside behind this number

Your wallet ID is created and displayed on your home page once you have joined netCash.

The screenshot shows the netCash member home page in Microsoft Internet Explorer. The browser address bar displays <https://www.netcash.is/memberhome.aspx>. The page content includes:

- Navigation Menu:** spend netCash, transfer netCash, redeem netCash, print netCash, email netCash.
- Account Summary:** "your netCash wallet ACTIVE" and "your mobile netCash".
- Transfer Shortcuts:** A list of transfers with values: £11,523.60, £4,758.39 (active), and £1,303.09. Total: £17,685.08.
- Receive netCash Section:** Two ID numbers displayed in boxes: "wallet ID: 1190 2757 3928 3211" and "mobile ID: 1190 2757 3928 3212".
- Instructions:** "If you want somebody to put money into your wallet then give them your wallet ID No." and "If you want somebody to put money into your mobile then give them your mobile ID No."
- Logos:** eBay user guide, FSA (Financial Services Authority), SurfControl, and VeriSign Secured.

2. You will automatically be notified that money has been transferred to you on your home page.
